DETAILED ACTION

This Office Action is in response to the election filed April 15, 2005.

Election/Restrictions

Applicant's election without traverse of claims 1-10 in the reply filed on April 15, 2005 is acknowledged.

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: claims 11-12, non-elected without traverse, have been canceled and "boby" has been changed to body in line 8 of claim 1.

Allowable Subject Matter

Claims 1-10 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose, make obvious, or otherwise suggest the structure of the applicant's together with the other limitations of the independent claims, such as a well region formed by introducing an impurity of a second conductive type into part of the SiC body other than the body portion; a channel layer which is formed so as to extend over the well region and the body portion of the SiC body in the SiC body and contains an impurity of the first conductive type; and a partially heavily doped layer of the second conductive type into part of the SiC body located under the channel layer at a higher concentration than that in the well region. The dependent claims being further limiting and definite are also allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
